Report of the Grand Jury.

We give below the report of the Grand Jury, which was filed in the Clerk's office on Wednesday last, after a session of about nine days:

ARIZONA CITY, }
County of Yuma, A. T., }
March 27th, 1872. }

To the Hon. Isham Reavis, Judge of the Second Judicial District Court:

The Grand Jury impaneled and sworn at the March term of the Court, have had under consideration such matters as were referred to us by your honor.

We now beg leave to submit the following report.

There were two indictments found by us for murder; one for assault with a deadly weapon with intent to commit great bodily injury. There have been two charges ignored. No county officers have been visited, for no charges against any of them have been brought before us, and we consider that the investigations and the report made by the last Grand Jury were thorough and satisfactory, as to necessitate no report from us on the subject.

We have concluded our labors, and respectfully ask to be discharged.

THOS. J. BIDWELL,
Foreman.

A. J. FINLAY, Clerk.

ARRESTED.—We see it stated in the San Diego papers that Wm. H. Hindle, formerly a banker at Gerard, Macoupin county, Ills., and who, it is alleged, left there a defaulter to the amount of \$17,000, was arrested at San Juan Capistrano, Cal., on the 20th inst. Hindle was in this town about six weeks ago, at which time a detective came here after him, but too late—he had gone into Mexico. Slaughter, the detective, then returned to San Diego, where he left the case into the hands of the Sheriff and a Constable, and by

Another Horse Thief.

From a private letter received by F. P. Clymer, from his home at Kenyon Station, we learn that on last Sunday a German named Conrad, hostler in the employ of the Mail Stage Company, and who had been at the station but a few days, absconded with one of Mr. Clymer's mules and saddle. On the day above named, about noon, Conrad borrowed a Henry rifle from an employee of Mr. Clymer, named Johnson, on the pretense that he was going out hunting. Johnson did not discover the theft until a few hours afterward, and, as there were no one at the station but himself and Mr. Clymer's wife, he could not pursue the "flying Dutchman" until after he had gone some twelve miles to get some one to stay at the house, which made it too late then to track the thief. Early next morning, however, he started after him, but with what result, we have not ascertained. Conrad is a man of medium build, about 35 years of age, 5 feet 8 inches in height, dark hair, inclined to curl, and whiskers shaved off close; his eyes are considerably blood-shot. The mule he stole is a mare-mule, dark-brown, of medium size, with collar marks, and has the brand of Woolsey & Martin and several other brands, and is well known in the Territory as Col. Woolsey's favorite riding mule during his campaigns against the Apaches. The saddle is of light California leather, nearly new, and trimmed behind with horse hair. Station keepers and ferrymen should take note of this, and look out for the thief.

Go to Baker's.

ERRATUM.—In the Court proceedings published in the SENTINEL of the 23d, we stated that Judge Reavis had given no instructions to the Territorial Grand Jury. We were in error. The U. S. and Territorial Grand Juries being composed of the same body, the Judge applied the one charge to both juries.

FINED.—David Morgan and C. L. Jones, charged with firing pistols on the street, were tried before Justice Mix yesterday, and fined \$10 each, with costs.

G. M. Knight, the proprietor of the American Bakery, publishes an advertisement in to-day's paper, to which we direct special attention.

In another column will be found the announcement of Jno. Capron, the kind and obliging proprietor of the San Diego, Arizona City and Tucson Stage Line.

The card of O. F. McCarty, Esq., Attorney at Law, appears in another column. He is an old deserving lawyer, and we recommend him to our readers.

J. M. Redondo & Bro. have always on hand a fresh supply of beef, veal, mutton, pork, etc. See advertisement.

25 barrels whisky at Baker's.*

I. O. O. F.—We have met with several gentlemen in this town belonging to the order of Oddfellows, and were informed that a good portion of our American citizens are members of this order, but never organized on account of there being no suitable building for a lodge room. Would it not be advisable to assemble together and devise some means by which they could secure the erection of such a building? We believe we have among us men of sufficient means, who would build such a house, if they will engage to lease the upper story for a number of years. The Masonic fraternity is well represented here, also, and we are confident they would co-operate with them in this movement. Will not some prominent member of the order take the initiatory step in accomplishing this end?

This column is not reserved for Henry E. Baker, dealer in all kinds of merchandise. *

ASSAULT.—Oliver Seer was examined before Justice Mix on Tuesday, on a charge of assault with a deadly weapon with intent to commit bodily injury on the person of Wm. Wilson, and was sent before the Grand Jury, which body indicted him for the crime above charged. His bail was fixed at \$2,500, in default of which he was remanded into the custody of the Sheriff. He will be arraigned before the District Court this morning at 10 o'clock.

TO ARRIVE.—The steamer Newbern, which sailed from San Francisco on the 21st, instead of the 28th, as stated in our last, is due at the mouth of the river to-morrow. She has on board one hundred troops and a full freight.

The schooner Alice Haake, had not arrived at Port Isabelle up to the 23d, at which time Captain Polhemus left for this port.

Later—The schooner arrived at Port Isabelle on the 24th.

The river steamer Colorado will arrive here this evening or early to-morrow morning, with freight from the Alice Haake.

EARTHQUAKE.—Last night, A. J. Finlay, of the C. S. N. Company, received a dispatch from Port Isabelle, by an Indian runner, containing the intelligence that a heavy shock of earthquake was felt there on the 26th. The shock was so severe as to occasion gigantic waves in the bay, which caused the schooner Alice Haake to break loose from her anchorage.

TEAM DEPARTURES.—Two trains—one of six and the other of two wagons, belonging to Messrs. Beach and Contreres, respectively, loaded with Government and other freights for Camp Grant and Tucson, left this morning.

P. Bradley, the baker, and proprietor of the City Bakery, announces that he has bread, pies, etc., always on hand. See his advertisement.
